

## City1 Budget Workbook Instructions

Please read these instructions carefully. If after reviewing the instructions you still have questions, contact Municipal Services at 785-296-6033 or 785-296-8083; or via email to armunis@ks.gov.

There are five (5) budget workbooks for cities: city.xls, city1.xls, city2.xls, city3.xls or city4.xls. Please use the budget workbook that corresponds to the number of funds that are used by your city. If you don't need all the fund pages in the workbook, leave the page number field on the non-used fund pages blank, and number the completed fund pages sequentially. When the page numbers are entered on the fund pages, the Certification Page will be updated.

This spreadsheet has General Fund, General Fund detail page, Debt Service, Library, 10 Tax Levy Funds, Special Highway, 7 No Tax Levy Funds, 4 Single No Tax Levy Funds, 2 Non-Budgeted pages which each page holds five non-budgeted funds.

### Submitting the Budget

Budgets are required to be sent to the County Clerk by **August 25** of each year.

K.S.A. 79-2926 requires budgets to be submitted by electronic means. Contact your County Clerk for the specify instruction as to submission of the budget.

### General Instructions

The worksheets are named (see the tab) in each budget workbook. We will identify the worksheet by referencing the tab in parentheses (i.e. General Fund reference would be (general)).

**All dollar amounts should be rounded to whole dollars (do not record cents).**

Data can be entered into the green shaded area of the budget worksheets.

The yellowed shaded areas of the budget worksheets contain formulas or links which should not be changed, and are protected. Most errors occur because of information entered on the input pages. If you are experiencing a problem with a protected cell, first check to see how the information was entered on the input pages. If the information was entered correctly, and you still continue to experience problems, please contact us for assistance.

The blue areas indicated where the information comes from to complete the section input.

Red areas are for notes or indicate a problem area that will need possible corrective action taken.

To print the spreadsheets, you can either print one sheet at a time or all of the sheets at once.

### Computer Spreadsheet Preparation

1. The information needed for the Input Prior Year Sheet (inputPrYr) comes directly from last year budget. After the information has been entered, please verify the data is correct. If at a later date, it is determined the information is incorrect, correct the information on this page and not the fund page.

1a. On line 2- 'Enter City Name' - In the green area, please start with "**City of**" then the name of the city. The green area will expand and accommodate the city name.

1b. Dates for the entire budget workbook is controlled by the year entered into the "Enter year being budgeted (YYYY)" field. If you find a date that is not correct for the budget being submitted, please contact us for assistance.

2. The information entered into the Input Other (inputOth) worksheet is obtained from the County Clerk, County Treasurer, League of Municipalities "Budget Tips", and the budget from two years ago (the year for actual column of current budget). After the information has been entered, please verify the data is correct.

2a. Enter the Computation of Delinquency information. Please note that K.S.A. 79-2930 states that such allowance shall not exceed by more than 5% the percentage of delinquency for the preceding tax year. Such allowance is not mandatory, but may be used if the municipality wishes. If used, the delinquency rate will be applied to all tax levy fund pages.

2b. If the city chooses not to use the delinquency rate for all tax levy funds, then the city must delete the rate from those funds. First step, go to the fund tab of the fund not requiring the delinquency rate, take the protection off the sheet by going to the 'Tools' and scrolling down to 'Protect' slide to right to 'Unprotect' and press enter. Next, go to the delinquency rate cell and press 'delete' key and put the protection back on by going to 'Tools' and scrolling down to 'Protect Sheet' and press the 'OK' button. Go to the next fund tab and complete the same steps.

3. The 'inputBudSum' tab is used to place information on the Budget Summary. On this tab you will need to key in the following information: Name of Person presenting the budget, Title of Person, date the budget hearing will be held, time of the hearing, location of the budget hearing, and a place whereas the taxpayers can obtain a copy of the budget.

3a. **Note:** There must be at least 10 days between when the Notice of Budget Hearing is printed and when the hearing is to be held. To be in compliance with K.S.A. 79-2929, it's **critical** to have at least 10 days between publication and hearing, but also to provide the date, time, and location of the hearing.

3b. Once a date has been entered in the Date block, the following statement will appear: 'Latest date for notice to be published in your newspaper'. Please ensure to take into consideration as to when your newspaper is published when arriving at the hearing date.

4. The information contained on the Certificate Page (cert) is the result of links from the fund and input pages . If there is incorrect information on the Certificate Page, do not correct the Certification Page, but rather correct the fund or input page that links the information to the Certificate Page. If you can not correct the error, please call us for assistance.

4a. If someone other than a municipal employee assists in preparing the budget, please enter the person's or firm's name and address in the area provided.

4b. The certificate page has a statement "Notice of the vote to adopt required . . . ?" which will either show "yes" or "no." This statement compares the certificate page total ad valorem tax amount to the amount on line 18 of the computation to determine limit page. If a "yes" appears a notice of the vote to adopt the budget will need to be published in the official county newspaper and a copy of such publication must be attached to the budget. No action is required if a "no" appears.

4c. If the city has a library, then in the Certificate page will show under the 'Table of Contents:' a new table is required. The new table is named: 'Computation to Determine State Library Grant' which found on the "Library Grant" tab. The State Library will use the "Library Grant" tab to authorize a grant to the library. This tab must be printed and attached to the budget that is submitted to the County Clerk. No action is taken if the city does not have a library and will not appear on the Certificate page.

5. The majority of information on the computation to determine limit page comes from data on the input other page (inputOth) and the debt service page (DebtSvs). If there is incorrect information on the computation page please correct the source of the information (inputOth page or DebtSvs page). If you are unable to correct the error please call us for assistance.

5a. **Note:** K.S.A. 79-2925b provides that the property tax levied to pay principal and interest upon bonded indebtedness, temporary notes, and no-fund warrants, shall not be included in the comparison between the current budget year total levy and the budget year total levy. If the city wants to include the debt service levy for temporary notes and no-fund warrants (shown on fund page(s) other than the debt service fund page and not automatically linked to the computation to determine limit page) lines 2 and 14 will need to be changed, manually, to include the additional levy amount in the max levy computation. In order to do this the protection must be taken off of the page and the amounts changed. You are not required to utilize the additional levy amounts as a part of the computation to determine the max levy amount.

5b. Complete and print the published notice option utilized if the max levy is exceeded and have it published. Attach the publication to the budget.

6. Motor Vehicle Allocation (Mvalloc) information comes from the input pages (inputPrYr and inputOth). Once calculated, the motor allocation information are linked to the applicable fund pages. If information concerning the table are not correct, please do not change the table, but rather correct the information on the input worksheets.

7. The Schedule of Transfer (transfers) is compiled from the individual fund pages. Be sure to provide the statute that authorizes the transfer. If 'Home Rule' is applied, then provide the chartered ordinance number in place of the statute. Before submitting the budget, suggest printing off the Schedule of Transfers page and tracing entries to each fund page.

7a. Transfers total are at the bottom of the schedule which are linked to the Budget Summary page.

7b. Adjustments are made for only those non-budgeted expenditure transfers appearing in the current and/or proposed columns of the schedule and do not have expenditures shown in the Budget Summary current and proposed columns. These types of transfers are not truly an expenditure at this time and as such an adjustment is needed to show the taxpayers the actual expenditures for the municipality.

7c. TransferStatutes tab provides statute reference for transfers which are not already identified.

8. Statement of Indebtedness (debt) must show all the debt owed or proposed to be issued. The general obligation and revenue bond totals for the budget year is linked to the Budget Summary. **If the city does not have any debt, then enter 'None' on the first line.**

9. Statement of Conditional Lease, Lease-Purchases and Certificate of Participation (lpform) must be completed for all transactions which the city intends to own the equipment at the end of the lease period. Principal Balance Due for the actual year is linked to the Budget Summary. **If the city does not have any leases, then enter 'None' on the first line.**

10. Library Grant tab is linked with the Library fund page. This table information comes directly off the Library fund page and Budget Summary page which is used to determine if the municipality qualifies for a State grant. If qualify, then the Library fund page will indicate 'Qualifies for State Library Grant' and if not, then indicates to 'See 'Library Grant' tab for further assistance. If the Library fund page is used, then the Certificate page will reflect in the Table of Contents the requirement of 'Computation to Determine State Library Grant' which **is required** to be attached to the budget. For those printing paper copies of the budget, only the table will be printed off. Please note: For those you do not have a Library fund page, no action is required and the table does not become part of the budget.

11. The spreadsheet has individual fund sheets for General Fund (general), Debt Service and Library tax levy fund page(DebtSvs-Library), ten levy pages (levy page9 and levy page13), Special Highway Fund (Sp Hiway), 7 no levy fund pages (nolevypage15 to nolevypage17 with one fund below on Special Highway), 4 single no levy fund page (SinNoLevy18 to SinNoLevy21), and 4 non-budgeted pages (NonBudA to D). Only complete the fund pages needed. When the fund pages are completed, the totals will be linked to the Certificate and Budget Summary pages.

11a. General Fund page and General Fund Detail page number are linked. If the municipality has a Library Fund, the Library Grant page becomes number 7 and the General Fund page would be numbered 8, otherwise the General would be 7.

11b. On all tax levy fund pages, we have placed '*Projected Carryover*' for the proposed budgeted year. The carryover table provides a little insight as what the projected cash might be using figures from the budget being submitted. Please keep in mind that the figures used are only estimates and if the actual receipts or expenditures vary, then the project cash carryover will be affected. Be advised that the delinquent taxes are not included in the projected carryover as they have a major impact on the '*Desired Carryover*' table.

11c. On all tax levy fund page, we have placed '*Desired Carryover*' which you can place a desired carryover amount and the table will show the mill rate impact along with the expenditure adjustments required to reach the desired carryover. **Note:** if a delinquency rate is used, the table might have you do several adjustments to get the desired result or close to the desire amount.

11d. On all tax levy fund pages, we have placed 'Mill Rate Comparison' table so you can compare the proposed fund mill rate to the current fund mill rate and compare the total proposed mill rate to the total current mill rate. These figures are provided to assist with the determining appropriate mill rate for the proposed budgeted year.

11e. General Detail page a and b (general) is used to show detail expenditures for the General Fund Departments. If used, each department name and expenditures are linked to the General Fund page. The 'Page Totals' on the detail page should agree to the 'Sub-totals' as found on the General Fund page 7. NO department transfers should be shown on the detail page. Transfers for the departments with like transfers should be added together and then shown on the General Fund page as single line items. For example, if several departments have a transfer for equipment reserve, the total of all equipment reserve

11f. Each tax levy fund will have an expenditure for the neighborhood revitalization. You will only need to input the rebate amounts for the **actual and current year**. The proposed budget year amount will be computed for you. Please see **step 13** for instructions for the neighborhood revitalization rebate for the proposed budget year.

11g. Each fund page has a 'Miscellaneous' receipt and expenditure line item. Once an amount has been entered into the block for actual/current/proposed columns, the amount will be compared with either total expenditures or total receipts to determine if it exceeds the 10% Rule for K.S.A. 79-2927. If the amount **exceeds** the 10% Rule, the block will turn red, the amount bolded, and a red statement will appear 'Exceed 10% Rule'. In order to remove the statement and return the block to normal, you must reduce the amount to either 10% or less. **Note:** the proposed column miscellaneous receipt also takes into consideration the amount of ad valorem taxes in determining the 10% Rule.

11h. The Debt Service fund page (DebtSvs-Library) can contain all debts owe by the city and the amounts should agree with the Statement of Indebtedness amounts. Debts that are pledged from a revenue stream should have enough funds transferred into the Debt Service fund to cover the bond principle and interest for these debts. **Note**, the debts pledged from revenue streams are not required to be included in the Debt Service fund page, but can be paid from the fund the revenue stream is located in. Additionally, if the city has No Fund warrants, these can be included in the Debt Service fund page.

11i. The 4 single no levy pages (SinNoLevy18 to SinNoLevy21) are for a fund that has numerous lines for receipts or expenditures that does not fit on one of the other no levy pages. Additional lines may be added as needed.

11j. The non-budgeted pages (nonbud) holds 5 non-budgeted funds. The non-budgeted funds are only required to show the actual year receipts and expenditures. The expenditures total will only be linked to the Budget Summary page and Certificate page will list the fund name (non-budgeted funds). Normally, the unencumbered cash balance should end with a positive cash balance, but if it ends with a negative, then the spreadsheet will indicate the negative balance by having 'See Tab B' under the unencumbered cash balance.

11k. The non-budgeted pages in the last column, the last two boxes should have the same figures as the last box take totals from the right side with the next to last box takes totals from the bottom.

11l. All levy fund pages have a Non-Appropriated Balance block. K.S.A. 79-2927 allows the city to enter an amount **not to exceed 5%** of the total expenditures for each fund. The Non-Appropriated Balance block is not mandatory to have an amount entered. If the amount entered in the block exceeds the 5%, a warning "Exceeds 5%" will appear and the block will turn red. In order to remove this warning message, you must reduce the non-appropriate figure.

11m. Each fund after the "unencumbered cash bal dec31", will show the budget authority expenditure amount. A comparison is made between the budget authority for the actual year and the actual total expenditures for the actual year as shown in the budget. If the total expenditures exceed the budget authority amount, then a "**See Tab A**" appears to indicate a possible violation. Another comparison is made for the unencumbered cash balance dec 31 to determine if the fund ended with a negative cash balance and if so, then a "**See Tab B**" will appear for the possible violation.

11n. A comparison is made between the budget authority for the current year and total expenditures for the current budget expenditures as shown in the budget. If the current year adjusted expenditures are more than the budget authority, then a possible violation has occurred and red '**See Tab C**' will appear and expenditure block turns red. Another comparison is made for the unencumbered cash balance dec 31 to determine if the fund ended with a negative cash balance and if so, then a "**See Tab D**" will appear for the possible violation.

11o. All no-tax levy fund pages for the proposed budget year will have an edit on the unencumbered cash balance. If the cash balance is negative, then the block turns red and statement '**See Tab E**' will appear.

12. Budget Summary (summ) should link the information from other worksheets. If you find information which is not correct, please go to the worksheet from which the information is linked, and take corrective action. If you can not correct the error, please contact us for assistance.

12a. The 'inputBudSum' tab is used to place information on the Budget Summary. On this tab you will need to key in the following information: Name of Person presenting the budget, Title of Person, date the budget hearing will be held, time of the hearing, location of the budget hearing, and a place whereas the taxpayers can obtain a copy of the budget.

12b. At the bottom of the page is a green shaded area, enter the page number.

12c. The table '*Estimated Value Of One Mill*' to show what 1 mill rate would generate in dollars for the municipality.

12d. Tables '*What The Mill Rate The Same As*' and '*Impact On Keeping The Same Mill Rate*', that shows the impact if the previous mill rate is used for the proposed budgeted year. To achieve this mill rate, the tax levy fund expenditures will need to be changed by the amount shown. Depending upon the number of tax levy funds involved, the change can be made to one fund, combination of funds, or all of the tax levy fund expenditures. Note: If a delinquency rate is used on the tax levy fund pages, the table might have you do several adjustments to get the desired result or close to the desire amount. Also please note, this table **is not** required to be used, but as a tool to assist in budgeting.

12e. The table '*What Mill Rate Would Be Desired*', whereas a municipality can create a desired mill rate. If a municipality has future plans to make a large purchase, project, or just would like a little more unencumbered cash balance, this table will show the amount of ad valorem taxes needed to reach its needs and amount of adjustments to the tax levy fund expenditures to reach this desired mill rate. This table could also be used to see the impact if the municipality would like to lower the mill rate. To use this table, simply enter in the green area the desired mill rate. Note: If a delinquency rate used on the tax levy fund pages, the table might have you do several adjustments to get the desired result or close to the desired amount. Also please note, this table is not required to be used, but as a tool to assist in budgeting.

12f. Before printing, review the form to ensure all the information is provided and the figures are correct. Print the page, have official sign it, and take to the local newspaper for printing. For those municipalities that are electronically sending the summary to the newspaper, you can type in the official name before sending. Please note: Signing the document is **desired**, but not signing will not cause the municipality to reprint.

12g. Once the 'Notice of Budget Hearing' has been printed in the local newspaper, please review the notice to ensure the information was correctly printed and readable. If the information is not correct, the Notice may need to be republished, and may delay the submission of the budget to the County Clerk. If this occurs and causes you to miss the August 25 deadline, please contact your County Clerk to inform of them of the delay.

13. Neighborhood Revitalization (nhood) should be completed **only after** all tax levy fund pages been completed and the levy rates have been computed on the Budget Summary page. You will need to either print the Budget Summary page or write down the dollar amount of ad valorem needed for each tax levy fund. The ad valorem amounts for each fund will then be input in the neighborhood revitalization table. The table will then compute the approximate amount of rebate and link to each tax levy fund page. This will cause each tax levy fund to have an entry in the neighborhood revitalization expenditure block, increase the total expenditures amount, recomputed the ad valorem needed, and link the new amount to the Budget Summary page. **Note: If you do not have Neighborhood Revitalization, this step is not done.**

13a. **Warning**, if you had already set the ad valorem taxes so that they were equal to or below the max amount for ad valorem without passing an ordinance, then the neighborhood revitalization rebate might cause the ad valorem tax amount to exceed the max levying amount. If so, you have three options, accept the rebate expenditures and pass the ordinance, or accept the rebate expenditures and reduce other expenditures to come back under the max amount for levying, or lastly, not use the rebate expenditures by deleting the ad valorem taxes that were keyed into the Neighborhood Revitalization Table. Suggest printing the table before deleting ad valorem rates, this way you will know approximately the amount of the rebates and lost revenue because of the rebates.

13b. **Note**: You are not required to use the Neighborhood Revitalization Table and may continue doing the way you have in the past. The table can be used to know approximate amount of the rebate so that you will have an idea of the amount of ad valorem taxes you will not be receiving.

13c. **Note: If you do not have Neighborhood Revitalization, these steps are not done.**

14. Before submission of the budget to the County Clerk, please review the entire document and verify that all amounts are correct. In addition, the Certificate Page needs to be signed by at least one member of the governing body (signatures of the entire governing body is preferred, but not mandatory).

15. How to Unprotect. All pages within the budget spreadsheet are protected. We protect the spreadsheets so that the links and formulas are kept in place. The protection can be taken off to increase lines or add additional information to the individual spreadsheet.

15a. If you have an older version of excel whereas 'Tools' is one of the excel heading. To remove the protection, place the cursor on the cell that is protected, go to the 'Tools' heading with your mouse and click on it, slide down where it shows 'Unprotect' and click on it. The cell is now unprotected and you can make your changes. Once all changes are completed for that spreadsheet, put the protection back on by clicking on 'Tools', slide down to 'Protect' and click on it, a box will appear and press the 'OK' button. Now the spreadsheet is protected again.

15b. If you have the newer version of excel with headings; Home, Insert, Page Layout, Formulas, etc. To unprotect the spreadsheet, move your mouse to the cell that is protected, click on heading 'Home', move mouse to heading 'Cells' and click on 'Format', slide the mouse down to 'Unprotect' under 'Protect' heading and click. Now the cell is unprotected and you may make your changes. Once all changes are completed for that spreadsheet, put the protection back on by following the steps except the last step by selecting 'Protect' which a box will appear and press the 'Ok' button. Now the protection is back on for that spreadsheet.

**Input Sheet for City1 Budget Workbook**

Enter city name ("City of ____"):	City of Belle Plaine
Enter county name followed by "County":	Sumner County
Enter year being budgeted (YYYY):	2021
CPI Percentage - 5 Year Average	1.80%
CPI Percentage - Preceding Year	1.80%

Enter the following information from the sources shown. This information will flow throughout the budget worksheets to the appropriate locations.

**Note: All amounts are to be entered as whole numbers only.**

The input for the following comes directly from the 2020 Budget, Certificate Page:  
\*If amended, then use the amended figures.\*

## Transfers - Cities

**K.S.A. 2-1318. Transfer to noxious weed capital outlay fund.** Any moneys remaining in the noxious weed eradication fund at the end of any year for which a levy is made may be transferred to the noxious weed capital outlay fund.

**K.S.A. 10-117a. Transfer from debt service fund.** Whenever all bond issues have been completely retired the governing body may transfer to the general fund the unexpended balance in the debt service fund.

**K.S.A. 12-110d. Transfer to special ambulance or emergency medical service equipment fund.** May transfer annually any funds received from a tax levy specifically authorized to be made for ambulance or emergency medical service, to a special reserve fund for replacement of ambulance or emergency medical service equipment.

**K.S.A. 12-1,117. Transfer to equipment reserve fund.** To finance new and replacement equipment moneys may be budgeted and transferred to an equipment reserve fund from any source which may be lawfully utilized for such purposes.

**K.S.A. 12-1,118. Transfer to capital improvements fund.** Authorizes transfers to the capital improvements fund from the general fund and from other city funds lawfully available for improvement purposes.

**K.S.A. 12-1,119. Transfer to street and highway fund.** Moneys in the general or other operating funds of the city budgeted for street and highway purposes may be transferred of to the consolidated street and highway fund.

**K.S.A. 12-631o. Transfer to sewerage reserve fund.** Authorizes the transfer of sewer system revenue to a sewer system reserve fund for the future maintenance and operation of its system and for the construction of improvements and expansions to such system.

**K.S.A. 12-631p. Transfer from sewerage system reserve fund.** Allows the retransfer of sewerage system reserve fund dollars to the fund from which it was originally transferred.

**K.S.A. 12-6a16. Transfer from fund for special improvements.** Authorizes a separate fund for each improvement or combination of improvements to be credited with the proceeds from sale of bonds and temporary notes and any other moneys appropriated thereto, and upon completion of the improvement the balance, if any, shall be transferred and credited to the city bond and interest fund.

**K.S.A. 12-825d. Transfer from utility fund.** Surplus revenue derived from a utility may be transferred to the general fund or any other fund or such surplus, in whole or in part, may be set aside in a depreciation reserve fund of the utility.

**K.S.A. 12-16,102. Transfer to employee benefits contribution trust fund.** May transfer to employee benefits trust fund from any source that may be lawfully utilized for the purposes stated in the ordinance or resolution creating such trust funds, including transfers from employee benefit funds established for other postemployment benefits.

**K.S.A. 12-17,118. Transfer to and from neighborhood revitalization fund.** Authorizes transfers to a neighborhood revitalization fund from any source which may be lawfully utilized to finance redevelopment of designated revitalization areas and dilapidated structures and to provide rebates such purposes.

**K.S.A. 12-2013. Transfer to risk management reserve fund.** To cover costs relating to any uninsured loss moneys may be paid into a risk management reserve fund or special reserve fund from any source which may be utilized for such purposes, including transfers from the general fund, in reasonable proportion to the estimated cost of self insuring the risk losses covered by such funds.

**K.S.A. 13-1269. Transfer from certain utility funds by cities over 100,000.** Authorizes transfers to governmental operating funds from operating revenue of electric-light and water utilities. Utilities must not have GO bond debt; or, if GO bond debt exists, debt service fund must be adequately capitalized. Limitations per K.S.A. 13-1271, 13-1272 on amounts that may be transferred.

**K.S.A. 13-1270. Transfer to debt service fund from certain utility funds by cities over 100,000.** Cities with more than 100,000 in population may transfer operating revenue of electric-light and water utilities to debt service funds moneys sufficient to pay outstanding general obligation bond principal and interest.

**K.S.A. 13-14b12. Transfer to hospital special improvement fund.** The board may transfer annually such amounts as it deems advisable to a special improvement fund to be used for the purpose of purchasing major items of equipment and making capital improvements to the hospital. The amount on hand in such fund shall at no time exceed [\$250,000].

**K.S.A. 14-506. Sewer Fund Surplus Transfers to Sinking Fund and General Fund.** Surplus revenue in the sewer fund it shall be semi-annually transferred to a sinking fund and, when such surplus fund is not needed for operations or bonded indebtedness, it may be transferred to the general fund.

**K.S.A. 14-2004. Transfer by certain cities to a park land acquisition fund.** Authorizes second class cities with the commission-manager form of government to establish a park land acquisition fund and to transfer up to \$5,000 a year from its general fund to such fund to acquire land for park purposes. Not more than \$25,000 shall be accumulated in said fund at any time.

**K.S.A. 44-505f. Transfer to worker's compensation reserve fund.** Where a city chooses to act as a self-insurer under the worker's compensation act it is authorized to make transfers to a worker's compensation reserve fund from any other funds in reasonable proportion to the estimated cost of providing benefits to employees compensated from such funds.

**K.S.A. 68-141g. Transfer to special machinery or equipment fund.** Authorizes an annual transfer, not to exceed 25%, from the road, bridge or street fund to a special road, bridge or street building machinery, equipment and bridge building fund.

**K.S.A. 68-590. Transfer to special highway improvement fund.** Authorizes the transfer each year from the fund or division thereof budgeted for roads, bridges, highways or streets an amount not to exceed 25% of such fund to a special highway improvement fund.

**K.S.A. 79-2958. Transfer from closed tax levy fund.** Whenever there shall remain in any fund moneys received from the levy of a tax, after all obligations of such fund have been fully paid, the treasurer shall close out the fund and credit the excess to the general fund. Should any back taxes for such levy afterwards be received by the taxing subdivision, it shall be credited to the fund for general purposes.

**WORKSHEET FOR STATE GRANT-IN-AID TO PUBLIC LIBRARIES AND  
REGIONAL LIBRARY SYSTEMS**

**Budgeted Year: 2021**

Library found in: City of Belle Plaine  
Sumner County

Two tests are used to determine eligibility for State Library Grant. If the grant is approved, then the municipality's library will be paid the grant on February 15 of each year.

First test:

	Current Year <u>2020</u>	Proposed Year <u>2021</u>
Ad Valorem Tax	\$37,991	\$38,413
Delinquent Tax	\$0	\$0
Motor Vehicle Tax	\$4,918	\$5,741
Recreational Vehicle Tax	\$96	\$126
16/20M Vehicle Tax	\$5	\$29
LAVTR	\$0	\$0
	<u>\$0</u>	<u>\$0</u>
<b>TOTAL TAXES</b>	<b>\$43,010</b>	<b>\$44,309</b>
Difference in Total Taxes:	\$1,299	
Qualify for grant:	Qualify	

Second test:

Assessed Valuation	\$7,243,156	\$7,765,182
Did Assessed Valuation Decrease?	No	
Levy Rate	5.245	4.947
Difference in Levy Rate:	(0.298)	
Qualify for grant:	Not Qualify	

Overall does the municipality qualify for a grant? **Qualify**

If the municipality would not have qualified for a grant, please see the below narrative for assistance from the State Library.

<b>CPA Summary</b>
--------------------

## **Non-Budgeted Funds - Cities**

**K.S.A. 12-110d. Special ambulance or emergency medical service equipment fund.** The governing body may create a special reserve fund for replacement of ambulance or emergency medical service equipment.

**K.S.A. 12-1,117. Equipment reserve fund.** Cities may create an equipment reserve fund to finance the acquisition of equipment.

**K.S.A. 12-1,118. Capital improvement fund.** Cities with an approved a multi-year capital improvement plan may establish a capital improvements fund.

**K.S.A. 12-631p. Sewerage system reserve fund.** The governing body may create a sewer system reserve fund for the future maintenance and operation of its system and for the construction of improvements and expansions to such system.

**K.S.A. 12-6a13. Special improvement funds.** Authorizes the creation of a special improvement fund to pay a portion of the debt service on bonds issued, planning costs, and the initial cost of improvements until temporary notes or bonds have been issued and sold.

**K.S.A. 12-6a16. Separate special improvement funds.** Provides that separate, suitably named special improvement funds are to be created for each improvement project or combination of improvement projects.

**K.S.A. 12-1663. Federal grants (e.g. FEMA).** Federal aid intended to be used alone or with funds of the public agency may be expended without regard to budget limitations and over, above or outside the budget.

**K.S.A. 12-1674. Special services fund.** Cities located in counties designated as urban areas may create a special services fund to be used to pay the initial costs of improvements and for work performed as a result of failure of persons to perform duties prescribed by law or ordinance.

**K.S.A. 12-16,102. Employee benefits trust funds.** For the purpose of holding and investing the assets of other postemployment benefits funds any taxing subdivision may establish one or more trust funds.

**K.S.A. 12-16,111. State loans and grants.** State loans or grants may be expended without regard to budget limitations and over, above or outside the budget.

**K.S.A. 12-17,118. Neighborhood revitalization fund.** After adoption of a neighborhood revitalization plan the governing body shall create a neighborhood revitalization fund.

**K.S.A. 12-2615. Risk management reserve fund.** The governing body of any city or county may pay costs relating to any uninsured loss from a risk management reserve fund.

**K.S.A. 13-10,140. Special improvement fund (commission form of government; population more than 150,000 and less than 200,000).** Authorizes certain cities operating under the commission form of government to a special improvement fund to pay the preliminary cost of any improvement to be financed by special assessments or general obligation bonds.

**K.S.A. 13-14b12. Hospital special improvement fund.** Provides for creation of a special improvement fund for the purpose of equipping, operating, maintaining and improving such hospital and to pay a portion of the debt service on bonds.

**K.S.A. 14-2004. Park land acquisition fund (commission-manager cities).** Authorizes certain cities operating under the commission-manager form of government to establish a park land acquisition fund.

**K.S.A. 44-505f. Workers' compensation reserve fund.** Provides for the creation of a reserve fund for the payment of workmen's compensation claims, judgments, and expenses.

**K.S.A. 68-141g. Special road, bridge or street building machinery, equipment and bridge building fund.** Authorizes a special road, bridge or street building machinery, equipment and bridge building fund and the annual transfer of not to exceed 25% of the budgeted amount of the corresponding operating fund.

**K.S.A. 68-590. Special highway improvement fund.** Cities and counties may create a special highway improvement fund and transfer to it annually up to 25% of the fund for roads, bridges, highways, or streets.

**K.S.A. 75-6110. Special liability expense fund.** Authorizes the creation of special liability expense fund for payment of costs and claims against the municipality or its employees.

**K.S.A. 79-1808. Special assessment fund.** Proceeds of tax levy to raise funds to pay special assessments against municipality-owned property and, for cities and counties, to pay debt service, shall be placed in a special assessment fund.

**K.S.A. 79-1950b. Special improvement fund (cities of more than 200,000).** Certain cities of the first class are authorized to create a special improvement fund from which preliminary costs associated with such improvements may be paid.

**K.S.A. 79-2925. Budgets exempt from the state budget law.** Cities may create non-budgeted funds for any gifts or bequests, a revolving fund for the operation of a municipal airport, and for repair, replacement, or addition to recreation facilities.

**NOTICE OF BUDGET HEARING**

The governing body of  
**City of Belle Plaine**  
will meet on August 6, 2020 at 7:00 p.m. at Community Center, 528 N. Merchant, Belle Plaine, KS 67013 for the purpose of hearing and answering objections of taxpayers relating to the proposed use of all funds and the amount of ad valorem tax. Detailed budget information is available at City Hall, 401 N. Merchant, Belle Plaine, KS 67013 and will be available at this hearing.

**BUDGET SUMMARY**

Proposed Budget 2021 Expenditures and Amount of 2020 Ad Valorem Tax establish the maximum limits of the 2021 budget. Estimated Tax Rate is subject to change depending on the final assessed valuation.

FUND	Prior Year Actual for 2019		Current Year Estimate for 2020		Proposed Budget for 2021		
	Expenditures	Actual Tax Rate *	Expenditures	Actual Tax Rate *	Budget Authority for Expenditures	Amount of 2020 Ad Valorem Tax	Estimate Tax Rate *

## **Possible Budget Law Violation**

Welcome. You have been directed to this tab because your 2019 'total expenditures' exceed your 2019 'budget authority.'

In short, you are looking at a potential budget law violation. However, the good news is that you may have options available that will allow you to avoid a budget law violation.

### **Can the potential violation be corrected at this time?**

If the municipality financial records have **not been** closed (i.e. an audit has not been completed, or the 2021 adopted budget has not been submitted to the county clerk) then the budget law violation can be fixed before submission of the budget to the county clerk.

### **What should I do?**

First, review the input page information (inputPrYr tab) to ensure that the correct amount was entered for this particular fund. If your 2019 budget was amended, did you use the amended, higher budget amount?

Next, look to see if any of your 2019 expenditures can be reduced or eliminated. For example, are you showing any transfers from this fund to another? If so, consider whether you can reduce or eliminate one or more transfers.

Additionally, do your 2019 receipts contain a reimbursement (e.g. FEMA)? If so, instead of showing the reimbursement as a receipt, show the reimbursement as a negative *expenditure*.

Another option is to consider whether your fund shares expenditures with another fund. For example, your electric and water funds may split salaries between the two funds. If one of those funds is in trouble, you might be able to allocate a little more in salaries to the healthy fund in order to eliminate the violation (be sure, though, that the healthy fund has sufficient budget authority and cash available).

The shifting of expenditures between funds, as described in

the preceding paragraph, can be accomplished between any funds that share expenses.

Finally, if your general fund is healthy - it has enough budget authority and cash - then it might be used to cover the excess expenditures. (AGO No. 85-181)

**Is amending the budget an option?**

Amending the budget is a timing issue. In order to amend the budget, you must have the complete amending process completed before the end of the calendar year. If you start at the beginning of December, then you should have enough time to amend the budget. But, if started during the middle of December, then you might not have enough time to complete the amending process. Remember the complete processing must be completed on or before the end of December and you must have at least 10 days between when published in local newspaper and when the budget hearing is held. So, if your local newspaper only publishes once a week or bi-weekly, then there might not be time enough to have the 10 day requirement between publication and the hearing.

Amending the budget can be done at any time during the budgeted year. But, amending the budget should take place before the expenditures exceed the budget authority.

**What if the 2019 financial records have been closed?**

Well, if the municipality financial records have been closed (i.e. an audit for 2019 has been completed, or the 2021 adopted budget has been submitted to the county clerk), then the violation cannot be fixed and must be shown as it occurred.

No punitive action will be taken as a result of the violation, but you should determine what caused the violation and take steps to avoid future violations of this nature.

Thank you.

## **Possible Cash Basis Law Violation**

Welcome. You have been directed to this tab because your 2019 expenditures show that you finished the year with a negative unencumbered cash balance in this fund.

However, the good news is that you may have one or more options available that will allow you to avoid a cash basis law violation.

### **Is this a violation?**

Hopefully not. The first thing that you might do is to review K.S.A. 10-1116 to see if your fund might be one of those for which a negative cash balance is permitted.

### **What if K.S.A. 10-1116 applies?**

If the fund falls into one of the categories, then a cash basis law violation has not occurred. Please annotate to the left of the 'See Tab B' as follows: "10-1116 applies."

### **What if K.S.A. 10-1116 does not apply?**

If the fund does not fall into one of the categories, then let's explore your options, below, to see if we can help you avoid a cash basis law violation.

### **Options**

If your financial records for 2019 are not closed (i.e. an audit has not been completed, or the 2021 adopted budget has not been submitted to the county clerk) then either your fund receipts will need to be increased (transfer from another fund) or your expenditures will need to be decreased (shifting of expenditures to another fund), or a combination of the two.

Increasing your receipts through one or more transfers is contingent upon the available cash, budget authority, and statutory authority for the transfer from the fund or funds from which one or more transfers might be made.

Another option for you to consider is the shifting of

expenditures from this fund to another fund. Again, the fund to which expenditures are shifted must have available cash and budget authority in order to absorb the additional expenditures.

**What if K.S.A. 10-1116 does not apply, and no options are available to me?**

Unfortunately, under this scenario you are pretty much stuck with a cash basis law violation. However, you can accept the violation as a learning tool to help you prevent violations in the future.

Regular reviews of current year budget performance, especially from the end of the third quarter on, might allow you to determine in a timely fashion whether an increase in revenue or a decrease in expenditures is going to be needed before the end of the fiscal year in order to ensure that a fund finishes the year in good shape.

In addition to the options discussed above, during the later part of the year if a utility fund or the general fund has the cash, but not the budget authority, amending the budget might be done in order to increase budget authority so that a transfer can then be made to the struggling fund or, in the case of the general fund, there can be a shifting of expenditures from the struggling fund to the general fund.

If, in the future, you choose to amend the budget as described in the paragraph above, please remember that the amendment must occur before the end of the fiscal year.

Thank you.

## **Current Year - Possible Budget Law Violation**

Welcome. You have been directed to this tab because your estimated 2020 'total expenditures' exceed your 2020 budget authority.'

In short, you are looking at a potential budget law violation if you truly end up the year as your current estimates reflect. The good news is that you have an early indication of possible issues which can be addressed sooner rather than later.

### **Should the potential for a violation be corrected at this time?**

Naturally, our preference would be that you consider your 2020 numbers to see what steps might be necessary to ensure that your expenditures do not, at year-end, exceed your budget authority for this fund.

### **What should I do at this time?**

Well, the easiest thing to do at this time is to increase any underestimated revenue numbers, or decrease any overestimated expenditure numbers, or a combination of the two.

### **What if I check my estimates and find that we're still on pace for a budget law violation?**

Well, let's look to see if any of your 2020 expenditures can be reduced or eliminated. For example, are you showing any transfers from this fund to another? If so, consider whether you can reduce or eliminate one or more transfers.

Additionally, do your 2020 receipts contain a reimbursement (e.g. FEMA)? If so, instead of showing the reimbursement as a receipt, show the reimbursement as a negative *expenditure*.

Another option is to consider whether your fund shares expenditures with another fund. For example, your electric and water funds may split salaries between the two funds. If one of those funds is in trouble you might be able to allocate a little more in salaries to the healthy fund in order to

eliminate the potential violation (be sure, though, that the healthy fund has sufficient budget authority and cash available).

The shifting of expenditures between funds, as described in the preceding paragraph, can be accomplished between any funds that share expenses.

A sometimes overlooked option is to use your general fund to cover the excess expenditures, assuming that the general fund is not the one that's in trouble and that it has the budget authority and cash to absorb additional expenditures.

Finally, If none of the above options can be applied and the fund has an unencumbered cash balance which will cover the estimated overage, the budget can be amended before the end of the fiscal year. Remember, though, that the amendment process must occur before the end of the fiscal year.

If the fund does not have enough ending cash so that an amendment will cover the expected overage, but another fund does have enough unencumbered cash (along with budget authority and statutory authority to transfer to the fund with the potential budget law violation), go ahead and make the transfer and then amend the budget.

Thank you.

## **Current Year - Possible Cash Basis Law Violation**

Welcome. You have been directed to this tab because your 2021 estimated expenditures show that at the end of this year you will have a negative unencumbered cash balance in this fund.

However, the good news is that you may have one or more options available that will allow you to avoid a cash basis law violation.

### **Should this be fixed?**

Yes, by all means. You really don't want to end this year with a negative cash balance in the fund. At a minimum you will want your ending cash balance to be \$0.

Now, it is possible that this is one of those funds which may, under K.S.A. 10-1116, end the year with a negative cash balance, but otherwise you will want to make sure that it does not.

### **What should I do at this time?**

Well, the easiest thing to do at this time is to increase any underestimated revenue numbers, or decrease any overestimated expenditure numbers, or a combination of the two.

### **What if I check my estimates and find that we're still on pace for a budget law violation?**

Either your fund receipts will need to be increased before the end of the year (transfer from another fund) or your expenditures will need to be decreased before the end of the year (shifting of expenditures to another fund), or a combination of the two.

So, let's look to see if any of your 2020 expenditures can be reduced or eliminated. For example, are you showing any transfers from this fund to another? If so, consider whether you can reduce or eliminate one or more transfers.

Additionally, do your 2020 receipts contain a reimbursement

(e.g. FEMA)? If so, instead of showing the reimbursement as a receipt, show the reimbursement as a negative *expenditure*.

Another option for you to consider is the shifting of expenditures from this fund to another fund. Again, the fund to which expenditures are shifted must have available cash and budget authority in order to absorb the additional expenditures.

The shifting of expenditures between funds, as described in the preceding paragraph, can be accomplished between any funds that share expenses.

On the revenue side of the fund you might increase your receipts through one or more transfers, contingent upon available cash, budget authority, and statutory authority for the transfer from the fund or funds from which one or more transfers might be made.

A sometimes overlooked option is to use your general fund to cover the excess expenditures, assuming that the general fund is not the one that's in trouble and that it has the budget authority and cash to absorb additional expenditures.

Thank you.

**Proposed Budget Year - Possible Budget Law Violation**  
**No Levy Funds**

Welcome. You have been directed to this tab because your estimated 2021 'total expenditures' exceed your 2021 Unencumbered cash balance Dec 31.'

In short, you are looking at a budget law violation if you adopt a budget in which there exists a fund with a negative ending cash balance.

**Should this be fixed before we adopt the budget?**

Yes. The budget law mandates that fund expenditures shall balance with anticipated revenue. A fund ending cash balance should end either in \$0 or a positive cash balance.

**How do I fix the violation?**

The negative cash balance can be remedied by increasing the anticipated receipts or by reducing the proposed expenditures, or a combination of the two.

**Is there a benefit to having a positive cash balance?**

If the municipality governing body chooses to adopt a budget whereby the no levy fund has a positive ending balance, that's okay. But, we recommend that the fund be budgeted to end with a \$0 balance.

Why? Well, remember that no levy funds do not result in a levy of property tax dollars. So, there is no impact to the property taxpayer from a budget which utilizes all anticipated revenue in the upcoming year.

The advantage to the municipality of budgeting the no levy fund to end the budget year with a \$0 balance is that it provides the municipality with maximum spending authority. In the event the municipality is faced with unanticipated spending during the budget year it will not need to amend its budget to do so.

Of course, by budgeting to \$0 the municipality does not have to spend down to \$0, but the authority to do so without a budget amendment is there in the event that a need to do so should arise.

Thank you.

**How to Compute the Value of One Mill, and the Impact of Tax Dollars and Assessed Val Rates**

\*\*\*\*\*

**To Compute the Value of One Mill**

**Example #1 and Formula**

This example allows you to compute a mill rate. Simply input in the green area the total assess your municipality.

**Formula:**

Assessed valuation = X  
X / 1000 = value of one mill

**Computation of Example:** \$312,000,000 (assessed valuation) / 1000 = \$312,000 (value of on

In this example, one mill for the municipality will generate \$312,000 in taxes.

Input the assessed valuation: =           \$7,243,156          

$$\$7,243,156 / 1000 = \$7,243.16$$

<b>Formula:</b>
<u>          \$7,243,156          </u> (assessed valuation) / 1000 = <u>          \$7,243.16          </u> (value of one n

\*\*\*\*\*

**To Determine a Mill Rate Increase**

**Example #2 and Formula**

Example #2 allows you to compute the impact on mill rate by a specific dollar amount of prope example might be useful at a budget hearing when the governing body is making small adjustm more property tax funds and would like to know the impact of those changes on the total mill r first example, input the municipality's total assessed valuation in the first green box, and with t green box input the amount of property tax dollars under consideration.

**Computation of Example:**

The **first step** is to determine the value of one mill:

$$\$312,000,000 \quad / \quad 1000 \quad = \quad \$312,000.00$$

In the **next step**, we will determine the increase:

$$\$50,000 \text{ (increased property tax)} / \$312,000 \text{ (mill value)} = .160 \text{ increase to the mill rate}$$

<b>Formula:</b>			
<u>\$7,243,156</u>	(asd. val.)	/	1000 = <u>\$7,243.16</u> (value one mill)
<u>\$50,000</u>	(property tax)	/	<u>\$7,243.16</u> (mill value) = 6.903 (mill rate incre

\* \* \* \* \*

### Impact of a Property Tax Increase on a \$100,000 Home

#### Example #3a and Formula

Example #3a allows you to quickly compute the standard "impact of a property tax increase on a home" (or any other residential property value, for that matter). Using the same information as in Example #2, the additional piece of information to input in this example is a residential property value. In this example, the residential property is assessed at 11.5% of its value (K.S.A. 79-1439(b)(1)(A)).

#### Computation of Example:

The **first step** is to determine the mill rate:

$$\$312,000,000 / 1000 = \$312,000 \text{ (example \#1)}$$

$$\$50,000 / \$312,000 = .160 \text{ mills (example \#2)}$$

The **second step** is to determine the residential property assessed value:

$$\$100,000 \text{ home} \times .115 = \$11,500 \text{ (assessed value)}$$

The **last step** is to determine the property tax increase:

$$\$11,500 \text{ (assessed value)} \times .160 \text{ (mill rate)} / 1000 = \$1.84$$

The increase in property tax for a \$100,000 home will be \$1.84

<b>Formula:</b>			
First Step:	<u>(assessed valuation)</u> <u>\$7,243,156</u>	/	1000 = \$7,243.16 (value of 1 mill)
Second Step:	<u>(increased prop. tax)</u> <u>\$50,000</u>	/	<u>(value of 1 mill)</u> <u>\$7,243.16</u> = 6.903 (increase mill r
	(value of the home)		

Third Step:	<u>\$100,000</u>	x	0.115	=	\$11,500	(assessed value)
	(assessed value)		(increase mill rate)			(increase tax)
Result:	<u>\$11,500</u>	x	6.903	/	1000	= \$79.39

\*\*\*\*\*

### Impact of a Property Tax Increase on Unimproved Ag Land

#### Example #3b and Formula

Example #3b uses the same computation as example #3a, except in this case we are computing property taxes on unimproved agricultural land. Unimproved agricultural land is assessed at 3 K.S.A. 79-1439(b)(1)(B)).

<b>Formula:</b>						
First Step:	<u>\$7,243,156</u>	/	1000	=	\$7,243.16	(value of 1 mill)
	(assessed valuation)					
Second Step:	<u>\$50,000</u>	/	\$7,243.16	=	6.903	(increase mill r)
	(increased prop. tax)		(value of 1 mill)			
Third Step:	<u>\$2,500,000</u>	x	0.300	=	\$750,000	(assessed value)
	(value of the property)					
Result:	<u>\$750,000</u>	x	6.903	/	1000	= \$5,177.30
	(assessed value)		(increase mill rate)			(increase tax)

\*\*\*\*\*

### Impact of a Property Tax Increase on Commercial, Industrial, Railroad, and Improved

#### Example #3c and Formula

Example #3c uses the same computation as examples #3a and #3b, except in this case we are computing the impact of property taxes on commercial, industrial, railroad, and improved agricultural land. These categories of land are assessed at 25% pursuant to K.S.A. 79-1439(b)(1)(F)).

<b>Formula:</b>						
First Step:	<u>\$7,243,156</u>	/	1000	=	\$7,243.16	(value of 1 mill)
	(assessed valuation)					
Second Step:	<u>\$50,000</u>	/	\$7,243.16	=	6.903	(increase mill r)
	(increased prop. tax)		(value of 1 mill)			

Third Step:	(value of the property) \$2,500,000	x	0.250	=	\$625,000	(assessed value)
Result:	(assessed value) \$625,000	x	(increase mill rate) 6.903	/	1000	= \$4,314.42 (increase tax)

\*\*\*\*\*

### Impact of Total Mills on an Individual Home

#### Example #4 and Formula

To compute the impact of all mills to be levied against a specific home valuation, simply key in the "home" green area with the home valuation, and the total mill rate in the "total mill rate" green area (number at bottom of 'Estimate Tax Rate' column on the budget summary page). Remember, using the above described information does not take into account taxes that may be levied by other municipalities.

<b>Formula:</b>						
First Step:	(value of the home) \$100,000	x	(residential %) 0.115	=	(assessed value) \$11,500	
Second Step:	(assessed value) \$11,500	x	(total mill rate) 52.869	/	1000	= \$607.99 (impact, total)

\*\*\*\*\*

### How to Achieve the Same Mill Rate as the Year Before

#### Example #5 and Formula

Maybe your governing body wants the budget to have the same mill rate as the year before. This is an unusual goal of municipality governing bodies. To do so simply key in the desired mill rate in the first green box, the preliminary total assessed valuation in the second green box, and hit "enter." The result is the amount in dollars that you must levy (total of all tax levy funds) in your proposed budget.

<b>Formula:</b>						
	(desired mill rate) 52.869	x	(total asss. valuation) \$7,243,156	/	1000	= (total tax) \$38,000
